

EIA maintains an electronic publication bulletin board system known as EPUB. Since 1990, the general public has accessed selected energy data from EPUB, free of charge, 24 hours a day.

II. Current Actions

The EIA proposes to discontinue the electronic publication bulletin board system known as EPUB, effective December 31, 1998. This publication system is a menu-driven bulletin board type service for the general public to electronically access selected EIA data. All of the data files that are currently maintained on EPUB are also available to the general public through the Internet on the EIA website "http://www.eia.doe.gov." The general public has significantly increased its use of the EIA home page on the Internet to access EIA data. As a result, the use of EPUB has declined over the last 5 years. In order to reduce duplication and costs, EIA proposes to eliminate EPUB in favor of Internet.

III. Request for Comments

Current and prospective users of the EPUB, and other interested parties, are invited to comment on the actions discussed in item II. EIA will carefully consider all comments regarding the use of the EPUB and alternative ways for users to electronically access EIA data.

Issued in Washington, D.C. on October 7, 1998.
